

OFERTAS DE EMPLEO

Feria de Empleo y Emprendimiento 2024

Nombre empresa: ABB

Perfil demandado: Project Manager – Mobile Robotics

Descripción:

At ABB, we are dedicated to addressing global challenges. Our core values: care, courage, curiosity, and collaboration - combined with a focus on diversity, inclusion, and equal opportunities - are key drivers in our aim to empower everyone to create sustainable solutions. That's our story. Make it your story.

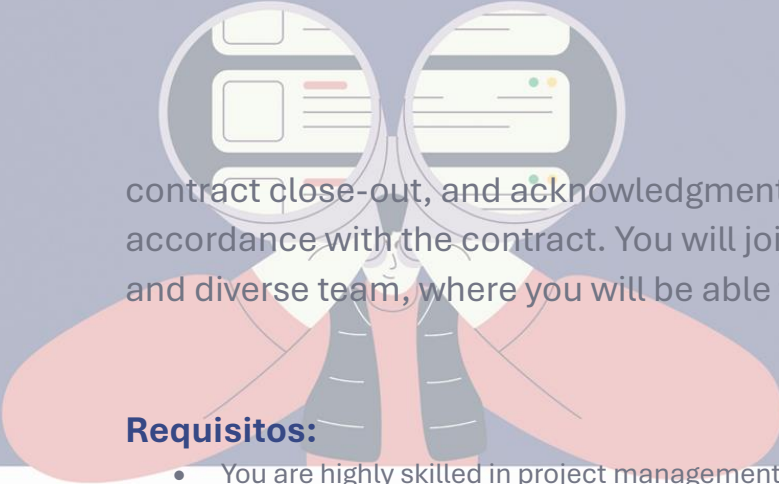

This position reports to

Project Operations Manager

Your role and responsibilities

In this role, you will have the opportunity to lead the execution of medium-size projects. Each day, you will ensure that all related activities are executed in accordance with procedures, regulations, standards, specifications and targets. You will also showcase your expertise by leading the project team members to achieve project requirements, deliver contracted deliverables, and meet the committed project result. The work model for the role is: #LI-Hybrid
This role is contributing to the ABB Robotics AMR in Spain. You will be mainly accountable for:

- Leading the project team, establishing the project execution approach, and overseeing planning, monitoring and control activities for internal and external resources to accomplish all project goals.
- Monitoring and controlling project progress, efficient resource utilization, and project financials.
- Identifying, qualifying, quantifying, managing project risk, and ensuring all opportunities are identified and pursued.
- Driving the formal acceptance of the project,

contract close-out, and acknowledgment by the customer, all in accordance with the contract. You will join a dynamic, high performing and diverse team, where you will be able to thrive.

Requisitos:

- You are highly skilled in project management, cost control, planning and monitoring and risk management.
- You are familiar with the Industrial market: automotive, food&beverage, logistics, etc and have a customer focus approach, business orientation and experience managing different stakeholders.
- You have at least 5 years years of experience in Project Management.
- Possess an enhanced knowledge of Office tools (Word, Excel) as well as cost control and planning (MS Project).
- You are passionate about team management, adaptability, anticipation and problem solving.
- Degree in Engineering, mainly Industrial Engineering.
- You are at ease communicating in English and Spanish. Other languages, such as, French or German, will be considered a valuable plus.
- You hold current drivers license valid in Spain and Spanish work permit.
